

## **A High Strength Steel Shield To Protect The Latch Handle, Locking Mechanism and Padlock.**

### **Totally Portable, Easy To Install On Any Todco® or Whiting® Style Roll Up Door.**

Made of 10 gauge high strength steel, the CargoGard completely covers and protects the latch handle and padlock assembly from easy access with pry bar or cutting tools.

Combined with the ABLOY® 341/50 padlock, keyed to one of 340 million tumbler combinations, the system is the high security locking solution for your roll up doors.
